PROFESSIONAL SUMMARY

Results-driven Data Analyst and AI Engineer with over 12 years of combined professional experience spanning data analytics, machine learning, AI engineering, customer service, and education. Proficient in Python ecosystem, Power BI, Advanced Excel, Deep Learning methodologies, Large Language Models (LLMs), and Vision-Language Models (VLMs). Adept at configuring robust end-to-end data pipelines, translating raw unstructured data into actionable strategic insights, and architecting deployment-ready, AI-powered systems.

WORK EXPERIENCE

Data Analyst | Parkwood Developers Pvt. Ltd.

4 Years

- Performed comprehensive end-to-end data analysis to architect solutions supporting critical executive business decisions.
- Built, deployed, and maintained automated dashboards and interactive reports utilizing Excel and Power BI to monitor business metrics.
- Applied Python libraries for rigorous data cleaning, pipeline transformations, exploratory data analysis, and predictive modeling tasks.

Assistant Professor / Lecturer | Modern Group of Colleges, Mirpur, Gurgaon

4 Years

- Delivered advanced instruction in core mathematics, computer science frameworks, and data-related analytical subjects.
- Developed comprehensive curricula, structured rigorous lesson plans, and authored specialized learning materials for higher education cohorts.
- Guided and evaluated students' academic capstones, emphasizing the practical implementations of programming workflows and mathematical logic.

Data / Operations Role | Omnia, Mohali

2.5 Years

- Managed complex daily data operations and supported multi-departmental analytical reporting requirements.
- Contributed actively to systemic process optimization, workflow automation, and cross-functional performance initiatives.

PGT Mathematics / Computer Science | Satluj Public Sen. Sec. School, Kharar, Mohali

2 Years

- Instructed senior secondary students, cementing fundamental competencies in core mathematical engineering and computer applications.
- Prepared student cohorts for national board examinations through rigorous mock benchmarking, targeted technical resolution sessions, and proactive academic mentorship.
- Maintained structured performance metrics data and collaborated with institutional leadership to deploy modern, effective educational learning strategies.

- Handled complex customer technical queries efficiently to consistently maintain exceptionally high satisfaction scores and client retention metrics.
- Collaborated seamlessly with multi-tiered, cross-functional engineering teams to accelerate resolution of escalated tickets.

TECHNICAL SKILLS

Data Analysis	Advanced Excel, Power BI, Data Visualization, Statistical Analysis, ETL Pipelines
Programming	Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn)
AI / ML	Machine Learning Architectures, Deep Learning, Neural Networks
AI Engineering	LLMs (Large Language Models), VLMs (Vision-Language Models), Prompt Engineering
Web Development	HTML5, CSS3, JavaScript, PHP (Basic), React.js (Basic), Bootstrap
Backend / Framework	Python Django (Basic), REST APIs, MySQL, Database Management
Tools & Platforms	Jupyter Notebook, VS Code, Git/GitHub, MS Office Suite

ACADEMIC QUALIFICATIONS

Qualification	Institution / Board	Status
M.Sc (Master of Science) in Mathematics	Kurukshetra University, Kurukshetra	Completed
P.G.D.C.A (Post Graduate Diploma in Computer Applications)	Punjabi University, Patiala	Completed
B.Sc (Bachelor of Science)	Panjab University, Chandigarh	Completed
